

Useful information for residents

Welcome to your new Colne home.

This handy reference guide gives you all the essential information you'll need as a resident. Please keep this in a safe place so that you can find the right solution for your needs as quickly as possible.

You'll find information on:

- Who to contact when you have a query or an issue
- How you can give us feedback
- How to report a repair
- Easy ways to pay your rent

Please do contact us by whatever means is easiest for you. In this guide you'll find telephone numbers, email addresses, text, internet and postal routes to help you communicate with us. We encourage all residents to get in touch whether that's to report an issue; seek advice or perhaps to join the many residents who already enjoy being a part of the VOICES resident feedback team.

Detailed information on all of the points covered in this guide and more can be found on our website www.colnehousing.co.uk

Repairs and maintenance

It is very important to let us know immediately if any repairs are needed to your home.

Responsibilities for repairs are divided between Colne and our residents. Whilst we are responsible for the structure of your home, the main components such as kitchens and bathrooms and communal repairs, you are expected to keep your home in good condition and carry out minor repairs and maintenance. This includes replacing light bulbs and fluorescent tubes, clearing internal blockages to pipework and cleaning shower heads.

To report a repair please email repairs@colnehousing.co.uk or call Customer Services on 01206 244700.

Planned improvements to your home

Colne have a programme of renewals for major components such as boilers, kitchens and bathrooms. Details of the work we intend to complete over the next five years can be found at <http://www.colnehousing.co.uk/my-home/tenants/planned-maintenance>

Gas safety

As a landlord Colne have a responsibility to ensure your gas appliances and pipe work are well maintained. We will complete an annual gas safety check on each appliance that we provide for resident use and as a resident you must allow contractors into your home to carry out safety checks and maintenance. If you do not, you are putting your and your family's lives in danger. **Faulty gas appliances can kill.**
